

# How to Embroider on Paper Towel

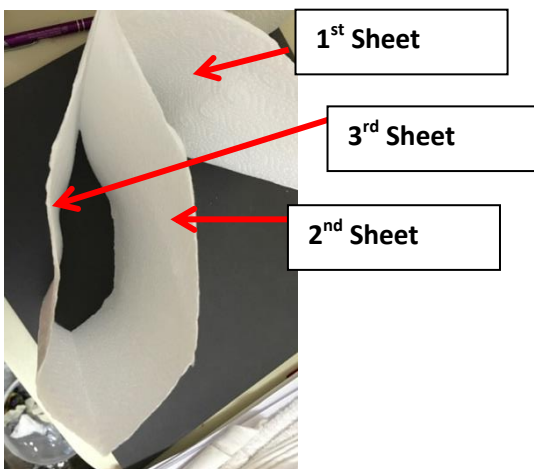

## Requirements

- Paper Towel
- Tearaway
- 5x7 Hoop
- Thread
- Design

Step 1 – Hoop Tearaway and insert hoop into machine.

Step 2 – unroll paper towel so that you have 3<sup>rd</sup> sheet and fold 2<sup>nd</sup> sheet behind 3<sup>rd</sup>.

Step 3 Choose design

Step 4 Float the paper towel on the hoop and hold until the design starts to Embroider

Step 5 Start machine and watch it embroider. Depending on the design if you have colour changes. I choose redwork designs no colour changes

Step 6 Unhoop trim the tear away all the away around

Step 7 – glue the 1<sup>st</sup> sheet on the the back of the embroidered design. I used a Glue stick that is blue but dries clear.
